

## LOCAL GIRL WINS PRAISE

Miss Ruth Tevis Sings Leading Role in "Tryout" of Walker's New Opera

### EXCLUSIVE SET PRESENT

Opera Scores Triumph and Will Be Given New York Production.

A Rushville girl covered herself with glory last night as she sang the leading role in the premiere given a comic opera in Indianapolis. No costumes were used, neither were there any scenery or other accessories, but the whole was sung and acted by the "cream" of the talent to hand in Indianapolis, the choice of Barclay Walker, the composer.

The comic opera will be produced in the East soon, under the management of one of the leading theatrical firms, who will give it a worthy setting and an adequate cast.

The Indianapolis Stars say: So filled with gratitude and joy was Barclay Walker at the reception accorded the rendition of nineteen musical numbers from his light opera, "The Diplomat," at a smoker and luncheon given by George J. Marott in the palm room of the Claypool Hotel last night that he could scarcely speak when a hundred or more prominent men of Indianapolis shouted for speech from the author and composer when the final number had been sung.

"The Diplomat," which has been written, words and music, by Mr. Walker, is an up-to-date light opera, which he now has ready for production. Mr. Marott invited some of the leading business men of Indianapolis to hear some of its musical numbers, which were presented by Ruth Marie Tevis, Alto Fern Morgan, Arnold Spencer, Franklin N. Taylor and W. Pink Hall, while Mr. Walker at piano, Rudolph Koster with violin and Herman B. Rinae with drums, furnished the accompaniment.

The affair was as delightful as it was unique. The singers took various roles of the principals, sang the choruses as well and performed the difficult task of singing a score of songs without apparent effort, receiving applause and even cheers from the manufacturers, merchants, business men and professional men, who sat smoking.

Mr. Walker began work on an opera called "Maganon" almost twenty years ago. It was followed by "The Kettle Drum," and "Minister Extraordinary." He was not discouraged and continued with renewed effort, finally perfecting "The Diplomat" after his experience with the others.

Miss Tevis, Miss Morgan, Mr. Spencer, Mr. Taylor and Mr. Hall had opportunities to distinguish themselves and they did it. They had memorized the entire score of the opera, had created quite a little stage "business" and acted as well as sang their parts.

When luncheon was served Mr. Marott was called for and stated that he and Mr. Walker had been, boyhood friends, and that he had arranged the affair in order that he might give the guests the opportunity of seeing the value of the work of a man "poor in purse, but rich in talent."

The Indianapolis Sun says: Miss Ruth Tevis, of Rushville, was given the role of "Marigold," the daughter of "Col. Bluff," in such songs as required character presentation. Her first solo, however, was in another character, when she sang the "widow" song, "She's Modest." Her work was delightful throughout, and though she was called on to give many numbers her voice lost nothing of its charm under the strain, and she sang with little apparent effort at the close of the evening as at its beginning. Not only did she sing well, but she showed more than a little talent as an actress. In the duets with Mr. Spencer she pleased the audience exceedingly.

## DEAL WAS CLOSED FOR OVER \$20,000

S. B. Hill of Carthage, Sells the Farm He Cleared Many Years Ago

Mr. and Mrs. S. B. Hill, of Carthage will not go to their farm as has been their plan. Wednesday, Mr. Hill sold his 240 acre stock farm in Blue River township, Hancock county, to C. M. Kirkpatrick, of Greenfield, together with some stock on the farm for over \$20,000. It was the biggest land sale made in either Hancock or Rush county in a long while. Mr. Hill cleared the land when a young man, and lived on it until coming to Carthage about fifteen years ago.

## RAILROADS WILL HAVE CHEAP RATES

Some of the Roads Have Already Announced Holiday Rates.

It was thought for several months that the railroad companies would not give any railroad rates during the holidays, and many people who had anticipated spending Xmas with home folks or "abroad" with friends, hesitated about making arrangements until the railroad companies had said something on the matter.

The customary cheap rates were not given Thanksgiving, but the railroads have "thawed out" and now announce that a flat rate of two cents the mile will be given.

## HUSBAND WILL DO THE HONORS

Members of the Happy-Go-Lucky Club Will Be Entertained By "Hubby"

The Happy-go-Lucky club, which is composed of the wives of the most representative and prominent people of this community, will go to Indianapolis tomorrow on a special chartered car over the I. & O., and their husbands will be with them. In fact, the husbands who have long been dined and entertained by the ladies, will do the honors this time and the novel trip, which will no doubt prove a most pleasant one, will be "personally conducted" by "Hubby," the "auxiliary" member of the Happy-go-Lucky club.

A luncheon at the Claypool hotel and a matinee at the Grand opera house will be the feature of the trip. They mean to destroy the time table for this trip, and their special car will not return at any special time.

The following are the members of the club, which is walled by a membership of sixteen, a stronger wall or barrier than the exclusive Gotham "four, double naught, many rings," for the club will never entertain a favorable thought of increasing their membership above the original charter membership of sixteen: Mrs. E. O. Humes, Mrs. Lewis Clark, Mrs. John H. Frazee, Mrs. William Alexander, Mrs. George Looney, Mrs. John D. Megee, Mrs. William Pearsey, Mrs. J. M. Amos, Mrs. Austin Moore, Mrs. Panthea Smiley, Mrs. John C. Smith, Mrs. Charles A. Mauzy, Mrs. Bert Norris, Mrs. Orlin Myers and Mrs. W. H. Smith.

Frank Mull Sells Two Car Loads of Mules to Atlanta Dealer.

Frank Mull sold and shipped two car loads of mules raised on his farm in Walker township to Atlanta, Ga., this week. The mules were sold to a dealer, R. J. Walker, of that city. Mr. Mull realized \$7500 for the mules. There can be no come back of a "hee haw" to a deal of this sort.

## MAY GET A FREE LIBRARY

Wednesday Evening Club Takes Steps at Meeting Last Night

### COMMITTEE IS APPOINTED

To Investigate and Ascertain the Feasibility of Securing Carnegie Library

The initial step towards securing a Carnegie library for this city was taken last night by the Wednesday Evening club, the prominent literary club of this city, at the law office of Watson, Titsworth & Green.

A committee was appointed to open up negotiations with the proper persons, and investigate the feasibility of securing a library here.

It is likely that the committee will soon be able to report favorably in the matter, for when the commission appointed by Andrew Carnegie, the philanthropist, investigates appeals along this line, and finds that they have been made in good faith by responsible parties, it invariably reports favorably, and the money is forthcoming.

But to secure a library there are still other matters to reckon with. One of these is that enough money must be given by the city to pay the cost of maintaining it. And it is a poor city, indeed, that cannot keep up a library when it is donated.

Nearly all of our neighboring cities have a Carnegie library, and it has only remained for some organization or committee to take the matter up in order to start the ball rolling which returns covered with moss.

John A. Titsworth, Judge Will M. Sparks and Ernest B. Thomas were appointed on a committee to take the matter up. Mr. Titsworth is chairman of the committee.

## LOOKING FOR "BIG TIME KEEP"

"Hunyaks" Celebrated Before Shaking the Local Dust From their Feet

"Ah,—morrah! hem,—big time keep,—big time keep,—he, money—money," jabbered the crowd of "Hunyaks" Tuesday night, who left this city yesterday afternoon. Several of them celebrated the occasion by getting "quiffy" on a mixture of intoxicants they concocted in an endeavor to strike their native drink.

They have been camped eight miles east of this city and in the early part of the week pulled stakes and prepared to migrate.

They have been employed by the Red Line, doing ballasting east of Glenwood. There were several nationalities represented among the many workmen, although it is true that they "all looked alike." There were no Hungarians or Italians in the camp as is generally supposed, presumably from the name given them "Hunyaks," but most of them were Macedonians. It seems as if the word "Hunyaks," as used in this country applies to most any class of the natives of Southern Europe. At any rate one does not have to be a bit backward in applying it to a dark skinned son of the Mediterranean.

Yesterday morning one of the poor fellows, who had a dark brown taste in his mouth—darker than his skin—and who had evidently lifted about twenty too many glasses of quibbizzo, a foreign drink—had R-E-M-O-R-S-E written all over his face in capital letters. Officer Pea, who was trying to tell him—in the vernacular of the west—that they must keep off the streets, and if they insisted on getting drunk he would take them to the frontier and give them a dishonorable discharge with his left hind foot. The fellow could not understand one word that Pea was saying, and burying his head in his hands (covered with six feet of earth) he said: (sounds like the closing of a verse in a popular song)—anyway he said: "Ug!" (giving an imitation of an American Indian, "feefy bottle, — Oh!" Then running his index finger around his ear he concluded "Bicycles!"

They left here on a special car yesterday afternoon, after they had seen "Big Time Keep."

## FOUND GUILTY OF RIOTING

Young Man in Hallowe'en Riot Fined in Mayor Cowing's Court Today

An echo of the Hallowe'en rioting which took place in this city that night, was heard in Mayor Cowing's court this morning.

Officer Pea arrested Harry Irvin and this morning was arraigned before his honor and found guilty of rioting on the aforesaid night, when Fred Cook and several others were unmercifully beaten up.

Irvin was fined \$10 and costs.

## NEW SCHEDULE IS IN EFFECT

Cars Every Hour to Connersville, and Limited Train Every Other Hour

### SCHEDULE WORKS SMOOTH

Arranging of it was Quite a Task for Traffic Manager Henry

The new schedule went into effect on the I. & O. today, and it started off as smooth as if the service had been the same for years.

It has taken a great deal of thought and real mental labor on the part of Traffic Manager George L. Henry to arrange the new schedule. Having car meet and pass each other at the right time was a question that had to be reckoned with and it required no end of study.

"It's alright to start them off nicely and conveniently," said Mr. Henry, "but the rub comes in in arranging for them to pass without delays." But never mind, we will have a double track soon and then all the traffic manager will have to do in arranging a new time card is to "start things."

The most important change in the new card is the institution of hourly service between Connersville and Indianapolis and the running of limited trains all the way through, every other hour.

The Red Line also installed freight-express service on to Connersville today. One of the Connersville papers says: "The indications are that the freight service will become very popular. Many inquiries have been received at the company's office from merchants who expect to use the service and the men in charge of the line's affairs here are expecting a rush of business from the start."

## FULL BASKETS FOR ORPHANS

Arrangement Made to Send Baskets to Soldiers, Orphans and Widows

The G. A. R. and W. R. C. held a joint social session in the Post room at the court house this afternoon. During the meeting a worthy plan was suggested and will be carried out at Xmas time. All the members will assist in arranging for well filled baskets for the orphans and widows of old soldiers.

## WEATHER GUESSER WILL GIVE US A WHITE XMAS

According to Prophet Hicks, the "weather guesser," we will have a "white Christmas." He also says that December will be a most disagreeable month. A reactionary storm period is scheduled for the 20th and 21st, but threatening to stormy conditions will continue over 21st and 22d.

A regular storm period is due to fall on Christmas day, and from the 24th to 27th look for the lowest fall of the barometer in December.

## MANY PEOPLE ATTEND TRIAL

Plaintiff in Heims Damage Suit Was Placed On Stand Today

### GREWSOME TALE IS TOLD

Holiness Evangelist, Who Was First One on the Scene, Testifies.

The Nora Heims \$15,000 damage suit is creating a great deal of interest in the circuit court. The court room has been about half filled during the past two days, many of them being witnesses summoned and friends of the family.

Several witnesses have been examined, including the plaintiff, Nora Heims, who was on the stand this morning. She told the jury the story of how the accident occurred and her crippled condition was paraded before the twelve men sitting in judgment.

Many legal points arose during the cross examination of the witness which were speedily disposed of by Judge Sparks.

This afternoon several witnesses were on the stand including Thelma Crider, a Holiness Evangelist, who was one of the first on the scene after the accident occurred. She told of how she found Mr. Heims unconscious, lying in the yard attired in his night clothes, and Mrs. Heims ran toward her as she came up to the gate, wringing her crippled hands, crying and praying and falling to the ground at every few steps; and how her face bore evidence of the torture she was suffering from having come in contact with the deadly current. She said that her hands, which had been burned by the charged wire were twisted and torn, and the flesh in the palms was cooked to a white color, the whole being a sickening sight to behold.

The best attorneys in this part of the State are employed on the case, and it will probably last several days.

## SPINISTERS FORM MAN GETTING CLUB

Girls (?) In Connersville Make Arrangements to Corral a Husband

A new organization now exists in Connersville. It is not a club but an organization of spinsters, to be known as the Social Spinster Society. A very enjoyable meeting was held last evening at the home of one of the members in McFarlandtown, and a number of resolutions adopted.

The meeting was almost broken up once when the name for the organization was proposed between "Bachelor Hunters" and "Social Spinsters," some of the members objecting to the real motive of the society being so plain. Each member furnished a list of her bachelor acquaintances with a statement of finances and the admirable qualities a far as she is able to ascertain. The organization will send out circular letters to their bachelor friends with all members' names affixed and they can make a cross by the name of the young woman preferred and return to the president. Bachelors N. B.

A young fellow from out west of town, who is larger in funds than city experience, went to Cincinnati recently on a cheap excursion and while there dropped into a fashionable restaurant. On inquiry as to whether he would take a table d'hôte he took a chance and replied in the affirmative. The waiter brought soup and fish, which were promptly eaten. Seeing no further activity on the part of the waiter and not being wise to the rules of the game the young man left the table and faced the cashier. How much? he asked. "Two dollars," replied the dizzy blonde in the cage. He then took a cigar. "How much?" he again asked. "Cigars 25 cents" gurgled the blonde. The young man looked intently at the young woman for a moment, his gaze centering on a ribbon about her neck. "What's that around your neck?" he asked. "Why, a ribbon," she answered sweetly. "Why?" "O, I just wanted to know," he answered gently. "Everything is so blamed high here I thought it might be your garter."

## WEBB HANSON PASSES TO REST

Well Known Former Rush County Man Succumbs in Henderson, Michigan

W. A. Lord has received word from James Hanson at Henderson, Michigan, to the effect that his uncle, Webb Hanson, formerly of Sexton, this county, died last Monday morning at 9:30 o'clock in Henderson, from Bright disease.

Mr. Hanson was a well known resident of this county, having lived here nearly all his life. He was a political worker of the old school, and was Republican county chairman in 1896. In 1900 he sought the nomination for sheriff but was defeated in the convention by William Bainbridge.

Deceased was 66 years of age and never married. He was buried in Michigan.

## HORSE DASHED DOWN THE GRADE

Striking a Barb Wire Fence and its Body is Cut into Ribbons.

A runaway, which resulted in the death of one of the horses of James Ball's team occurred early this morning. The horses became frightened at something on the road north of this city, and when they neared the old Albert Allen farm they dashed down the grade and one of the horses was caught in the barb wire fence. Its body was cut into ribbons and it died shortly afterwards. No one was injured.

## FARMING IS TOO STRENUOUS FOR CAREY

Former Rush County Farmer Out of Form on the Farm

The following is from the Greenfield Tribune, and has to do with a former Rush county farmer: "Carey Walton, who recently bought the L. N. Larrabee farm out on Sugar creek, says he will have to leave the city or hire private secretary to look after the farm, as life is too strenuous for him. There seems to be a large number of people who want to rent that farm. One day it is reported that there were eleven applicants and another nineteen with several townships to hear from. John Mulvihill, who was helping Carey out, has quit the job, it was too much for him."

## RUSH COUNTY STEERS FOR CHRISTMAS BEEF

Among Them Two Steers Weighing 1500 Pounds

The Indianapolis News says: There were more fine cattle from Rush county at the local yards today. Among them were two steers, twenty-two months old, weight about 1500 pounds, that sold for \$8 a hundred pounds to the Indianapolis Abattoir Company to make Christmas beef. This is the highest price for cattle at the Indianapolis yards since August 1, 1902, when a lone, but fine steer sold for \$8.50 a hundred. In the bunch today three other yearlings sold for \$7, two for \$5.50 and two heifers for \$5. They were fed by S. M. Poston and shipped here by Young & Wellman.

Calcium Carbide in Blasting. Acetylene is being used as an explosive in Germany, where it has proven disappointing as an illuminant. Each cartidge contains an ounce and three-fourths of calcium carbide, yielding about 16 quarts of acetylene, and after wetting the carbide the confined mixture of generated gas and air is exploded by an electric spark. In blasting the rock is not thrown out, but is broken up into pieces small enough to be readily removed.

## TRACTION LINE FOR NEW SALEM

Traction Men in Chicago Today to Close Deal for Money

### REPORTS ARE FAVORABLE

Will Run From Columbus to Richmond through Greensburg and Connersville

The old C. G. & R. traction line is again resurrected and revived, and it begins to appear that they mean business this time.

The proposed line is from Columbus to Richmond by the way of Greensburg and Connersville. The surveyed route cuts the corner of Rush county and would run through New Salem. The Columbus Republican says: The report of the Chicago bond company's engineer, J. F. Heck, relative to his examination of the proposed route of the Columbus, Greensburg & Richmond Traction Company has been favorable and this news caused a special meeting of the directors of the road to be held in Indianapolis Monday. Frank McCallie, of Newbern, one of the directors of the road, attended the meeting from this county.

At the Indianapolis meeting it was reported that the Chicago company is ready to go ahead now and finance the deal.

Looking forward to a definite arrangement between the traction company and the bond company the following committee was appointed to go to Chicago today and consummate the deal: President, August M. Kuhn; Vice President, Amos K. Hollowell; Treasurer, Walter McConaha; Secretary, Robert E. Moore, and Attorney Fred Barrett. This committee has been given power to act and when it returns it is expected to report that everything is in readiness for the money to be delivered with which the traction line will be built.

## RESOLUTIONS OF THE PRESBYTERY

Which Convened in this City Last Tuesday—Pastor is Praised

The following resolutions were adopted by the Presbytery which convened in this city Tuesday, and they speak highly of the work of Rev. W. P. McGarey, as he well merits through his efficient services rendered to his fellowmen in this community.

In dissolving the pastoral relations between the Rev. W. P. McGarey and the congregation of Rushville, we, as a Presbytery, express our gratitude to God and our congratulations to Bro. McGarey and the congregation for the work accomplished during his pastorate.

Beginning work in the congregation while he was a student in Xenia Seminary, Bro. McGarey, by his ability as a preacher, by his suavity as a pastor, by his power to grasp the salient points in difficult problems and solve them, and by transmitting his hopeful and enthusiastic spirit to his people so that they thought, and felt as he did, we have a record of work and usefulness worthy of the highest commendation.

We congratulate Bro. McGarey on being called to the pastorate of a congregation which has a classic name and a glorious history. Furthermore we appreciate the services of Bro. McGarey as a co-presbytery and also as clerk of the Presbytery.

On the other hand we express our sympathy with and confidence in the Rushville congregation in this hour of bereavement, and pledge to them our help and encouragement, and exhort them to press on to larger things.

We appreciate the value of the congregation in its organization and in the splendid opportunities which the substantial and beautiful church building affords, and last but by no means least in its relation to the other congregations in the Presbytery.

That Bro. McGarey be appointed to preach and declare the pulpit vacant at the convenience of the parties.

Second, we pray the King and Head of the church to continue His favor to Bro. McGarey and his family.

Third, that the "Shepherd of Israel" would protect and provide for this people—the sheep of His pasture.

## UNEQUALED WEAR. UP-TO-DATE STYLES.

It is the wear that holds the trade. Leather not paper, shoemakers not brick makers; that is what makes them wear—good, honest material throughout, and good, honest shoe making by operators who know how to make shoes. That is the combination that makes shoes that wear and shoes with style.

We buy our shoes from manufacturers that employ shoemakers and make good shoes.

A pair of these shoes will make a very useful and appropriate Xmas present.

of the fact that the Republicans have a majority in both legislative branches. The caucus was the most satisfactory from many points of view that the Democrats have held for many years, as members showed a very earnest disposition to work together for the accomplishment of everything the party stood for in the recent campaign. Every member stood up long enough to express his views on needed legislation and to promise his services in carrying out the platform pledges.

Former Attorney General Alonzo Greene Smith and John W. Kern, who are referred to frequently as the head and shoulders of the Taggart machine, but, who, in reality, have taken very little part in politics lately, are preparing to leave the state for their health. Neither will be here during the legislature. Mr. Smith has suffered from an acute case of asthma for a long time and he is arranging to go to Arizona to spend the winter. He probably will leave next week. Mr. Kern contracted a heavy bronchial cold on his trip abroad last summer and his physicians have advised him to take a change of climate. He will spend the winter in North Carolina. Mr. Smith said today that he had not talked to a single Democratic member of the legislature, but that he would bet a hat that not one of them would vote for a Republican for speaker of the house.

The Indiana branch of the Hearst Independence league will be incorporated about the first of the year, according to information given here by Richard Isherwood, of Delphi, secretary and principal organizer. The Prohibitionist state committee and many other third party leaders went on record here as being opposed to the movement to increase the saloon license to \$1,000 annually. They declared that the high license will not drive the saloon out of business but will merely put a higher price on crime.

### Infant Placed on Rails.

Noblesville, Ind., Dec. 13.—The mutilated body of an infant was found on the track of the Indianapolis Northern Traction road north of this city. The child's head and one arm were cut off. The body was warm when it was found by farm hands, who were walking on the track on their way to work. The position in which the child was found indicated that the person who placed it on the track intended for the car to cut off the head. Coroner C. C. Ray has taken charge of the case. One and possibly two arrests may follow.

**Rebellion Quickly Suppressed.**  
Guayaquil, Dec. 13.—The reports of the defeat of the rebels under Colonel Vegas are confirmed. The government forces lost two men killed and sixteen wounded. The casualties of the rebels are not known.

**Against the Dynasty.**  
Pekin, Dec. 13.—Information has reached Pekin that the rebels who recently entered Ping Kiang, province of Kiang Si, constitute a considerable, well-organized force, equipped with modern weapons. They came from Konan province. The movement, which is anti-dynastic, is quite new, having no connection with other uprisings or disturbances in central China. The rebels at Ping Kiang are not molesting the Chinese inhabitants or the foreign missionaries.

Indianapolis, Dec. 13.—William L. Taylor, former attorney general, stated today that the fire insurance companies which paid the state about \$25,000 Tuesday to make good the taxes the late auditor of state, James H. Rice, is alleged to have retained fraudulently, will bring suit to recover the money.

The companies paid when Auditor Billheimer informed them that they must pay or have their charters in Indiana canceled. The principal amount to \$11,000 and the interest \$14,000. Mr. Taylor said there is no doubt but that the companies can recover the interest, and he believes they cannot be forced to pay the principal after having paid it once to a representative of the state.

## A CHRISTIAN STATE

Oklahoma Constitution Contains Invocation to Almighty God.

Guthrie, O. T., Dec. 13.—The constitutional convention, which has been disputing what name to give the Deity in the new constitution or whether or not a Supreme Being should be named at all, unanimously adopted the following preamble:

"Invoking the guidance of Almighty God in order to secure and perpetuate the blessings of liberty, to secure a just and rightful government, to promote mutual welfare and happiness, we, the people of Oklahoma, do ordain and establish this constitution."

It will probably be forty days yet before the entire constitution has been drafted and adopted.

### A "WAR" RUMOR

Disguised Japanese Troops Said to Have Invaded Hawaii.

Honolulu, Dec. 13.—It is stated here and has been reported to the United States government at Washington, that two regiments of Japanese, completely officered, are in Honolulu disguised as laborers. Whether they are armed is not known.

### Washington Denies It.

Washington, Dec. 13.—The Honolulu report that it was stated there that Japanese troops, fully officered, were in that city disguised as laborers and that the fact had been reported to this government, met with an emphatic denial here. Acting Secretary of State Bacon said he had heard nothing of such a report. Secretary Taft stated that no such report had ever been made to this government, and at the Japanese legation the story was promptly denied.

#### TO SPELL THE OLD WAY

Congress Gives the Public Printer His Instructions.

Washington, Dec. 13.—The house has begun the consideration of the legislative, executive and judicial appropriation bill by paragraphs and has completed thirty-four pages of the bill. Several hours were consumed in debating an amendment referring to simplified spelling, with the result that the original provision on that subject was eliminated and another amendment adopted. The new provision instructs the public printer to use the orthography generally recognized by the standard dictionaries.

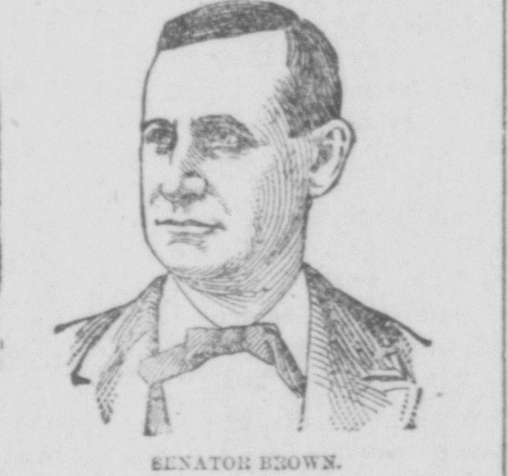

During the discussion Mr. Towne of New York pointed out that the item referred to was on page 23 beginning with line 23. "Is not that a double skiddoo?" asked Mr. Towne, "and if so does it not of necessity go out?" The open session of the senate was limited so that the major portion of the day might be devoted to a consideration in executive session of the Algebras treaty. The feature of the day was a speech by Senator Rayner upholding the state's rights doctrine as involved in the present Japanese question on the Pacific slope. Resolutions were agreed to calling upon the president for information regarding the seizure by Mexico of the fishing schooner Silas Steamer and directing the secretary of war to furnish information regarding alleged experiments with cholera virus at Manila resulting in ten or more deaths. In executive session the senate ratified the general act by the delegates of the powers represented at the conference which met at Algebras, Spain, in April last, to draft a treaty concerning Moroccan affairs. Opposition by the Democrats compelled the adoption of a resolution disclaiming responsibility for the participation of the United States in the program arranged by the conference as to the future of Morocco.

Given a New Home.  
Rome, Dec. 13.—The pope when he heard that Cardinal Richard, archbishop of Paris, had been compelled to leave the Episcopal residence, telegraphed immediately, placing the palace of the nunciature in Paris, which is owned by the vatican, at his disposal, and at the same time expressing his cordial sympathy with the venerable prelate.

Good Work Goes On.  
Washington, Dec. 13.—The report of the secretary of the interior shows that 490 persons have been indicted in the various land states and territories for violation of the public land laws. Eighty-nine have been convicted and indictments are still pending against 401.

VENGEFUL WOMAN'S SHOT  
Resulted in Death for Former United States Senator.

Washington, December 13.—Former United States Senator Arthur Brown of Utah, who was shot in his apartments Saturday afternoon by Mrs. Anna M. Bradley of Salt Lake City, died at midnight last night at the age of 49.

Emergency hospital Max Brown and Miss Alice Brown of Columbus, Ohio, the former senator's son and daughter, were at the bedside when he expired. He had been unconscious for several hours. After the autopsy the body will be taken to Salt Lake City for burial.

Mrs. Bradley is on the verge of collapse and her physicians say that it may be several days before she will be able to appear in court. Her attorneys will set up the defense that she was justified under the "unwritten law" in shooting Mr. Brown.

#### OUT OF SORTS

People Not Really Sick are Often Most in Need of Care

The people who actually are most in need of kind words and medical treatment are not those who are really sick, but just "out of sorts."  
The old-time energy, force, strength and happy spirits are lacking; the physical and mental powers are flagging; there is poor appetite, and they cannot get the good out of the food they eat. In nine cases out of ten, this results directly from a weakened stomach, and no other treatment equals Mi-o-na to restore life and health.

When the nerves and muscles are weak, if there is sleeplessness, irritability, and specks before the eyes, when the head aches and there is a dull pain in the back, and there is any distress and heaviness in the stomach, dizziness and sometimes nausea, the use of Mi-o-na stomach tablets for a few days will make a world of improvement, and continued use for a reasonable time will restore perfect health.

These tablets are not mere digestives; they absolutely strengthen all the organs of digestion, so that there is good appetite, perfect digestion and strong nerves, when they are used.  
A large box of Mi-o-na stomach tablets is sold for 50 cents by F. B. Johnson & Co., with an absolute guarantee that they will be successful in curing digestion and restoring health, or the money will be refunded. Ask them to show you the liberal guarantee they give with every 50-cent box of Mi-o-na.

## WHAT TO GIVE "HIM"

Thos. W. Lytle Has a Confidential Talk with Women.

"Oh dear! what shall we give him?" has been the sigh of many a woman in Rushville the past two weeks, thinking of father, husband, big brother, or possibly some one else's brother.

Thos. W. Lytle wants us to confidently tell every woman reader of the Republican that "the proper thing to give 'him,' the gift that will be sure to please if he is a smoker, is a box of Wadsworth Brothers' Chico cigars."

"The best judges of cigars in Rushville," said Thos. W. Lytle "have given their endorsement of the Chico by smoking nothing else. They formerly smoked ten and fifteen cent cigars, but now nothing will do them but the Chico, even though it is not an expensive smoke.

"Although I have just received a large shipment of Chicos, the Christmas trade is taking them off lively, so I would advise buying at once. I will help you in selecting the shade and strength that will please 'him.'"

## PROMINENT MEMBER

Connersville Lodge I. O. R. M

Thanks Dunn, the Quaker Health Teacher

Mr. J. H. Thomas, residing at 618 West 10th St., Connersville, Ind., an old and prominent member of the I. O. R. M., is another person who openly proclaims the wonderful power of the Quaker Herb Remedies. For over 20 years until recently, Mr. Thomas was the engineer at the Central Mfg. Co. In some manner he contracted rheumatism, which soon grew so severe that he was obliged not only to give up his position, but he had to take to his bed and he could only be moved with the assistance of others. The entire population of Connersville sympathized with Mr. Thomas in his misery. A few weeks ago while Dunn, the Quaker Health Teacher, was at McKennan & Son's drug store in Connersville, Mr. Thomas was sent for a treatment of Quaker Herb Extract and Oil of Balm. He followed directions carefully and as a result he is now nearly cured of his severe case of rheumatism. People of Connersville are astonished to see Mr. Thomas walking on the streets, and everybody is congratulating him for his good judgment in trying Quaker Herb Extract and Oil of Balm.

Dunn, the Quaker Health Teacher, is now in Rushville introducing the Quaker Herb Remedies. He can be found daily at Lytle's drug store from 9 a. m. to 5 p. m.

All are welcome to call and have a talk with Dunn.

Call today and always bear in mind that DUNN PROVES WHAT HE SAYS.

We saw a custom tailor in our store the other day studying pretty closely the many clever new style-ideas expressed so admirably in

## Our Clothes

Of course he'll work these style-kinks into the clothes he makes for his customers.

Good idea. Certainly no tailor could copy better models than those in our our clothes—no garments made are more correctly styled. If he has the skill to tailor clothes as well as these are tailored, why then he may be able to give you apparel good as our clothes. Of course, he'll have to charge you about twice as much.
